This information is furnished upon condition that the person receiving it shall make his own determination of the suitability of the material for his particular purpose.

This document establishes interagency guidance for the ground transportation of gasoline, mixed gas, drip-torch fuel, and diesel in Government vehicles driven by Government employees. The guide is based as closely as practical on the U.S. Department of Transportation and U.S. Department of Labor, Occupational Safety and Health Administration regulations.

Participating agencies include the U.S. Department of the Interior, Bureau of Land Management and National Park Service and the U.S. Department of Agriculture, Forest Service.
