TASK BOOK FOR THE POSITION OF

MATERIALS HANDLER (WHRR)

United States
Department of the Interior

National Association of
State Foresters

**PMS 311-93
NFES 2625**

March 1999

TASK BOOK ASSIGNED TO:
INDIVIDUAL'S NAME, DUTY STATION, AND PHONE NUMBER TASK BOOK INITIATED BY:
OFFICIAL'S NAME, TITLE, DUTY STATION, AND PHONE NUMBER
LOCATION AND DATE THAT TASK BOOK WAS INITIATED

The material contained in this book accurately defines the performance expected of the position for which it was developed. This task book is approved for use as a position qualification document in accordance with the instructions contained herein.

EVALUATOR

DO NOT COMPLETE THIS UNLESS YOU ARE RECOMMENDING THE TRAINEE FOR CERTIFICATION

NATIONAL WILDFIRE COORDINATING GROUP POSITION TASK BOOK

Position Task Books (PTB) have been developed for designated positions within the National Interagency Incident Management System. Each PTB lists the performance requirements (tasks) for the specific position in a format that allows a trainee to be evaluated against written guidelines. Successful performance of all tasks, as observed and recorded by an evaluator, will result in a recommendation to the agency that the trainee be certified in that position.

Evaluation and confirmation of the trainee's performance of all the tasks may involve more than one evaluator and can occur on incidents, in classroom simulation, and in other work situations. **Designated PTBs require position performance during which the majority of required tasks are demonstrated on a single wildland or prescribed fire. Some positions require that specific tasks be performed on a wildland fire. Performance of these tasks on other kinds of incidents is NOT qualifying.** It is important that performance be critically evaluated and accurately recorded by each evaluator. All tasks must be evaluated before recommending certification. All bullet statements within a task which require an action (contain an action verb) must be demonstrated before that task can be signed off.

A more detailed description of this process, definitions of terms, and responsibilities are included in the Wildland and Prescribed Fire Qualification Guide 310-1. A brief list of responsibilities also appears below.

RESPONSIBILITIES:

1. The **Home Unit** is responsible for:
 - Selecting trainees based on the needs of the home unit and higher levels.
 - Ensuring that the trainee meets the training and experience requirements included in the Wildland and Prescribed Fire Qualification Guide 310-1.
 - Initiating PTBs to document task performance.
 - Explaining to the trainee the purpose and processes of the PTB as well as the trainee's responsibilities.
 - Providing opportunities for evaluation and/or making the trainee available for evaluation.
 - Providing an evaluator for local assignments.
 - Tracking progress of the trainee.
 - Confirming PTB completion.
 - Determining certification per local policy.
 - Issuing proof of certification.
2. The **Trainee** is responsible for:
 - Reviewing and understanding instructions in the PTB.
 - Identifying desired objectives/goals.
 - Providing background information to an evaluator.

- Satisfactorily demonstrating completion of all tasks for an assigned position within three years.
 - Assuring the Evaluation Record is complete.
 - Notifying home unit personnel when the PTB is completed and providing a copy.
 - Keeping the original PTB in personal records.
3. The **Evaluator** is responsible for:
- Understanding the Wildland and Prescribed Fire Qualifications System.
 - Being qualified and proficient in the position being evaluated.
 - Meeting with the trainee and determining past experience, current qualifications, and desired objectives/goals.
 - Reviewing tasks with the trainee.
 - Explaining to the trainee the evaluation procedures that will be utilized and which objectives may be attained.
 - Identifying tasks to be performed during the evaluation period.
 - Accurately evaluating and recording demonstrated performance of tasks. Satisfactory performance shall be documented by dating and initialing completion of the task. Unsatisfactory performance shall be documented in the Evaluation Record.
 - Completing the Evaluation Record found at the end of this PTB.
4. The **Final Evaluator** is responsible for:
- Signing the verification statement inside the front cover of the PTB when all tasks have been initialed and if the trainee is recommended for certification.
5. The **Incident Training Specialist** is responsible for:
- Identifying incident evaluation opportunities.
 - Assuring that trainees have met prerequisites.
 - Identifying and assigning a qualified evaluator that can provide a positive experience for the trainee, and making an accurate and honest appraisal of the trainee's performance.
 - Providing PTBs to approved trainees on the incident when home unit was unable to provide them.
 - Documenting the assignment.
 - Conducting progress reviews.
 - Conducting a close-out interview with the trainee and evaluator and assuring that documentation is proper and complete.
 - Notifying trainee's home unit.

QUALIFICATION RECORD

POSITION: MATERIALS HANDLER (WHRR)

TASK	C O D E*	EVALUATION RECORD #	EVALUATOR: Initial & date upon completion of task
<p><u>GENERAL</u></p> <p>1. <u>Obtain and assemble information and material needed for a kit.</u></p> <p>Kit will be assembled and prepared prior to receiving an assignment. Kit will contain critical items needed for assignment. Kit will be easily transported and within agency weight limitation. The basic information and material needed are:</p> <ul style="list-style-type: none"> • National Fire Equipment and Supply Catalog, NFES 0362 • Fire Equipment Storage and Refurbishing Standards Handbook NFES 2249 • Pencils, pads 	O		
<p><u>MOBILIZATION</u></p> <p>2. <u>Obtain complete information from dispatch upon initial activation.</u> Prior to dispatch to reporting site, the following information is obtained.</p> <ul style="list-style-type: none"> • Incident order number. • Request number. • Incident name. • Incident number (accounting code). • Reporting location. • Phone number. • Transportation arrangements and routes. • Reporting date and time. 	I		

- *Code: O = task can be completed in any situation (classroom, simulation, prescribed fire, daily job, etc.)
 I = task must be performed on an incident (flood, fire, prescribed fire, search & rescue, planned event, etc.)
 W = task must be performed on a wildland fire incident
 /R = Rare event—the evaluation assignment may not provide opportunities to demonstrate performance. The evaluator may be able to determine skills/knowledge through interview or the home office may need to arrange for another assignment or a simulation.
 RX = task must be performed on a prescribed fire incident

8. <u>Distribute items, correct quantities, complete special handling, packaging/labeling, loading, delivery and documentation.</u> <ul style="list-style-type: none"> • Pull items per location code on issue documents. • Stage items in designated area. • Package and label as required, ensure material safety data sheets are included, as required. • Load shipment per established procedures. • Operate forklift/material handling equipment as qualified. 	I		
<u>DEMOBILIZATION:</u> 9. <u>Demobilization and check out.</u> <ul style="list-style-type: none"> • Update task book as appropriate. • Ensure that cache and agency demobilization procedures are followed. 	I		

- *Code: O = task can be completed in any situation (classroom, simulation, prescribed fire, daily job, etc.)
 I = task must be performed on an incident (flood, fire, prescribed fire, search & rescue, planned event, etc.)
 W = task must be performed on a wildland fire incident
 /R = Rare event—the evaluation assignment may not provide opportunities to demonstrate performance. The evaluator may be able to determine skills/knowledge through interview or the home office may need to arrange for another assignment or a simulation.
 RX = task must be performed on a prescribed fire incident

INSTRUCTIONS for EVALUATION RECORD

There are four separate blocks allowing evaluations to be made. These evaluations may be made on incidents, simulation in classroom, or in daily duties, depending on what the position task book indicates. This should be sufficient for qualification in the position if the individual is adequately prepared. If additional blocks are needed, a page can be copied from a blank task book and attached.

COMPLETE THESE ITEMS AT THE START OF THE EVALUATION PERIOD:

Evaluator's name, incident/office title, and agency: List the name of the evaluator, his/her incident position (on incidents) or office title, and agency.

Evaluator's home unit address and phone: Self explanatory

#: The number in the upper left corner of the experience block identifies a particular experience or group of experiences. This number should be placed in the column labeled "Evaluation Record #" on the Qualification Record for each task performed satisfactorily.

Location of Incident/Simulation: Identify the location where the tasks were performed by agency and office.

Incident Kind: Enter kind of incident, e.g., wildland fire, prescribed fire, search and rescue, flood, etc.

COMPLETE THESE ITEMS AT THE END OF THE EVALUATION PERIOD:

Number and Type of Resources: Enter the number of resources and types assigned to the incident pertinent to the trainee's task book position.

Duration: Enter inclusive dates during which the trainee was evaluated. This block may indicate a span of time covering several small and similar incidents if the trainee has been evaluated on that basis, i.e., several initial attack fires in similar fuel types.

Management Level or Prescribed Fire Complexity Level: Indicates ICS organization level, i.e., Type 5, Type 4, Type 3, Type 2, Type 1, Area Command or prescribed fire complexity level (low, moderate, high).

NFFL Fuel Model: For wildland fire and prescribed fire experience, enter number (1-13) of the fuel model(s) in which the incident occurred and under which the trainee was evaluated.

Grass Group	1. Short Grass (1 foot)	Timber Group	8. Closed Timber Litter
	2. Timber (grass & understory)		9. Hardwood Litter
	3. Tall Grass (2-1/2 feet)		10. Timber (litter understory)
Brush Group	4. Chaparral (6 feet)	Slash Group	11. Light Logging Slash
	5. Brush (2 feet)		12. Medium Logging Slash
	6. Dormant brush-Hardwood Slash		13. Heavy Logging Slash
	7. Southern Rough		

Recommendation: Check as appropriate and/or make comments regarding the future needs for development of this trainee.

Date: List the date the record is being completed.

Evaluator's initials: Initial here to authenticate your recommendations and to allow for comparison with initials in the Qualifications Record.

Evaluator's relevant red card rating: List your certification relevant to the trainee position you supervised.
