

NATIONAL WILDFIRE COORDINATING GROUP

National Interagency Fire Center
3833 S. Development Avenue
Boise, Idaho 83705

MEMORANDUM

To: NWCG Members
GACG Chairs

From: Kirk Rowdabaugh, NWCG Chair 

Date: March 7, 2006

Subject: Standard Clauses to the OF-294 (EERA Form)

The NWCG chartered the IBPWT to standardize EERA's across agency lines. This process has taken 3 years to complete, during which time there have been changes to all aspects of contracting. These changes added complication and delay to the process. Their task group coordinated with the USFS Efficiency Group to ensure that we got a standardized product that both groups could agree to.

The standard clauses have met with the approval of the NWCG and will be posted on the IBPWT website at <http://www.nwcg.gov/teams/ibpwt/index.htm> for immediate use.

Questions or concerns should be directed to your respective agency representative on the IBPWT. Thank you for your continued support of incident business improvements.
