

H1N1 Influenza Support Products

GSA stands ready to support federal agencies in responding to the H1N1 virus. As circumstances warrant, federal health officials and other agencies may undertake a variety of steps to minimize circulation of the virus and to assist in treatment for those affected. To support those efforts, and perhaps parallel responses by state and local governments, GSA has prepared a brief reference document that summarizes available products and services, describes ordering mechanisms and notes online resources for additional information.

This overview begins with a primer on “How to Order” directly from GSA Global Supply™ or from any of its approximately 17,000 Multiple Award Schedule contractors. Since these vendors provide an enormous array of products and services, the guide highlights some of the specific Schedules (categories of contracts) that may be relevant for a medical emergency. Finally, the guide contains an index of products available from GSA Global Supply that may be of immediate interest to the agencies responsible for managing this situation. Relevant products can be found on www.GSAGlobalsupply.gsa.gov by clicking this logo:

How to Order from GSA Global Supply or GSA Schedule Vendors

GSA offers federal buyers approximately 300,000 products directly through GSA Global Supply, as well as approximately 15 million products from its thousands of contractors under the Multiple Award Schedule program. The notes below describe how customers can order from those sources and, in case of declared disasters/emergencies, state and local governments can tap some of these same sources for needed supplies.

Requisitions from GSA Global Supply

GSA Global Supply exists to consolidate federal requirements for common-use supplies, including office products, tools, computer products, cleaning supplies and safety gear. GSA completes the procurement process and ensures that its offering complies with Federal Acquisition Regulations (FAR), AbilityOne mandates, Executive Orders and other guidelines for federal purchasing. Customers, no matter how they order or pay, are submitting simple requisitions to GSA Global Supply and therefore do not need to solicit 3 prices or do any additional comparison shopping. Purchases can be shipped worldwide and users can pay with a government purchase card or by direct billing using an Activity Address Code (AAC) or its equivalent.

Ordering Options:

Online: www.GSAGlobalsupply.gsa.gov – displays only GSA Global Supply™ items;
www.gsaadvantage.gov – Global Supply items (see below for MAS info);
<https://dod-email.dla.mil> – Global Supply buyers must use DoDAAC or equal;

Phone: 800-525-8027 (7:30 a.m. to 8:00 p.m. Eastern)

Email: GSAGlobalsupply@gsa.gov

Fax: 800-856-7057
FEDSTRIP/MILSTRIP

Retail: Alaska, Hawaii, San Francisco, CA
and multiple DoD locations worldwide

The GSA Global Supply site enables users to search for specific items (using keywords, NSN, part numbers, etc.) or browse through categories (disaster relief, office supplies, tools, “green” items). Orders can be compiled, saved, emailed to others for approval and submitted to GSA. During checkout, users will provide (or confirm) relevant billing and shipping information.

GSA Global Supply operates a handful of retail stores where visitors can choose from 500 to 5,000 items. In addition, GSA partners with DoD to manage the inventory at a few dozen installations worldwide. For a list of those locations, visit www.gsa.gov/globalsupply.

Summary of GSA Global Supply Offerings

GSA Global Supply allows customers to requisition online and in stores efficiently and easily with confidence. Please see page four for product listing.

Purchases from GSA Multiple Award Schedule Vendors

To simplify purchasing for federal users, GSA's acquisition centers negotiate contracts with thousands of vendors for a wide array of products and services. Depending on the size and complexity of the anticipated purchase, agencies can contact one or more vendors to confirm price and terms, negotiate additional volume discounts or to clarify wage rates and other variables associated with purchasing professional services. The summary below indicates how prospective buyers can purchase from GSA vendors.

Ordering Options:

Online: www.gsaadvantage.gov – 15+ million items from 16,000 vendors;
Individual vendor sites available via www.gsa.gov/elibrary;

Phone/fax/email: Vendors' contact information available via www.gsa.gov/elibrary;

As noted above, *GSAAdvantage!*® displays approximately 300,000 products available from GSA Global Supply. In addition, the site also makes available approximately 15 million products and services from a wide array of Schedule vendors. Included in this vast array of products are thousands of medical supplies managed by the Department of Veterans Affairs under a handful of Schedule programs that it administers for the entire government.

GSAAdvantage!® and the GSA Global Supply sites described above are run, in parallel, on the same servers. Customers can use the same User ID and password to access either site. Buyers who need common items and do not need to comparison shop can use the Global Supply

site to submit a simple requisition. Customers with more complex requirements, or those seeking to do comparison shopping across that enormous pool of contractors can use *GSAAdvantage!*® to leverage the best possible price and terms.

Both Web sites have online tutorials to assist new users with navigation within the site. Both also offer online support during business hours so that customers having difficulty locating the desired product or vendor can receive immediate or schedule assistance from GSA's customer service staff. As part of GSA's commitment to simplify purchasing and ensure customers' compliance with applicable regulations, both sites feature prominent links for finding and buying “disaster” items.

Summary of MAS Offerings

GSA manages a number of Multiple Award Schedule (MAS) programs that could support federal responders for the current flu emergency. The summary below notes some of those MAS programs potentially relevant in this scenario. These products and services are a complement to the VA Schedules shown here (partial list) and visible online at GSA's eLibrary and GSA Advantage![®]

VA Schedule	Topic
621 I	Professional and Allied Healthcare Staffing Services
621 II	Medical Laboratory Testing and Analysis Services
65 I B	Pharmaceuticals and Drugs
65 II A	Medical Equipment and Supplies
65 VII	Invitro Diagnostics, Reagents, Test Kits and Test Sets
66 III	Clinical Analyzers, Laboratory, Cost-per-Test

Depending on the eventual scope and scale of the federal response, agencies may need to purchase immediate items (cleaning supplies, scientific equipment, etc.), complementary items (office supplies, furniture) or services to enable effective and efficient outreach to affected populations (advertising, language services). GSA stands ready to assist federal officials that may need routine or customized support in responding to the flu outbreak.

GSA Schedule	Topic
51 V	Hardware SuperStore (hardware walk in stores and product catalogs)
541	Advertising and Integrated Marketing Solutions (AIMS): public outreach
66	Scientific Equipment and Services
69	Training Aids and Devices
71 (multiple)	Packaged, Miscellaneous, Office or Comprehensive Management
72	Furnishings
73	Food Service, Hospitality, Cleaning Equipment and Supplies, Chemicals, Services
736	Temporary Administrative and Professional Staffing (TAPS)
738	Language Services
75	Office Supplies
76	Publication Media
78	Promotional Items (among other items/services)
81	Shipping, Packaging and Packing Supplies
84	Security and Emergency/Disaster Response (among other items/services)

Additional information on these Schedules, along with lists of vendors already under contract with GSA can be found at www.gsa.gov/elibrary. The products and services available under these MAS contracts can be purchased online at www.gsaadvantage.gov.

2009 H1N1 Flu Support Products

First Aid Kit

For use in vehicles or small crews (eight to 10 persons). Comes in a metal hanging case.

First aid kit is designed by the USDA Forest Service for forest workers and wildland firefighters, but is suitably equipped for all users. Kit contains: antiseptic kit; two body fluids barrier kits; 25 bandages (woven adhesive); 12 knuckles bandages; 16 butterfly closure bandages; two elastic bandages; triangular bandage; two pairs of latex gloves; three rolls of adhesive tape; two sheets of moleskin; chemical cold pack; eye wash solution; one tincture of green soap; one bottle of calamine lotion; 20 aspirins; 20 acetaminophen tablets; two patient information tags; forceps; paramedic shears; lead pencil. Includes instructions for mouth-to-mouth barrier use, first aid manual, and contents list. Type II, Forest Service Spec. 6170-6.

① 24-month maximum shelf life (extendable)
