

Leadplane Phase 3 Mission Evaluation and Final Evaluation Check Ride							
Name:	Date:	Aircraft Type:					
	Flight Time:	Tail Number: :					
Training/Incident Name:						Type Flight:	Training Final Evaluation
Training/Incident Location:							
Incident Complexity:	Initial Attack Southern California			Extended Attack Urban Interface			
Complexity Elements:	TFR	WUI	MOA/SUA	ATC	ATGS	MAFFS	VLAT
	LAT	SEAT	Helicopters	Scooper	Jumpship		
# of Aircraft Assigned	Airtankers Number of Drops			Helicopters		Lead/ASM/HLCO	
Evaluation Elements	1	2	3	4	N/A	Remarks	
Operational Tactics							
Aircraft Sequencing							
Verbal Skills							
Situational Awareness							
Judgement							
Phase 3 Evaluation Flight Result: Pass Fail N/A							
Evaluation Elements: Elements marked with a 1 or 2 require comments							
4	None	No assistance required or deficiency noted.					
3	Minor	Non-Critical deviations are noted, but the outcome of the event/objective was never in doubt.					
2	Moderate	Coaching was required and the outcome of the event/objective was in doubt.					
1	Severe	Frequent coaching was required. The outcome of the event was in doubt and safety was compromised or the individual failed to accomplish the critical task.					
N/A	Task/procedure not applicable to this mission.						
Shaded elements are critical elements and must be checked with a 4 to pass a final evaluation							

Note: Considering that there are times of regression during training, lead plane students are still responsible for maintaining a level of competency for tasks, not listed on this evaluation sheet, that have been previously signed off.
