Topic & Notes	Decision
Update on Tasking No. 18-002, Federal Wildland Fire Policy Guidance <ul style="list-style-type: none"> Members briefed on the final edits made to the <i>Guidance for Implementation of the Federal Wildland Fire Policy</i> document. Minor edits will be made prior to routing for signature. 	Approved. Request NWCG terminate the NWCG Memos 2010-024 and 2010-030 via FMB memorandum. Release revised Guidance, given signatures, via FMB memo.
Coordination and Timeline of M-581 Fire Program Management Communication/Memorandum <ul style="list-style-type: none"> Effective date for the change of the IFPM standard will be 90-days from release date of the memorandum. Coordinate with Human Resources to ensure language within the memo meets their needs prior to release. 	N/A
Clarification of Roles: Interagency Fire Program Management (IFPM Group) and Interagency Fire Program Management Review Task Team <ul style="list-style-type: none"> IFPM Group: Implementation and Maintenance of the position standards and guide that includes participants from human resources and fire management within each agency. IFPM Task Team: Short term group brought together to ensure the IFPM Standard reflects current and projected needs of the federal wildland fire organization and workforce. 	Both groups fulfill a need associated to the work of IFPM. Upon completion of the tasking, will assess the structure of each group.
Aviation Strategy: AFUE Update	Topic postponed to April
WFIT: 2019 Work Plan and Update <ul style="list-style-type: none"> Six initiatives were selected as the next evolutionary steps in the WFIT strategic plan for building a mobile, data driven enterprise. These focus areas are: 1) Design and build the Data Cache; 2) Design/Execute field connectivity prototype; 3) Execute portfolio transition strategy; 4) Institute Business Subject Area management structure; 5) Refine enterprise process strategies; and 6) Enhance effective use of the Executive Board. 	N/A
National ITSS Hardware and Communications Standards <ul style="list-style-type: none"> USFS, BLM, FWS, BIA, and NPS do not have a contract vehicle that would provide the ITSS platform to be hosted nationally. Next steps will be to inquire capability with OWF and the NOC. Communication to be routed via email with follow-up on decision in April. 	Topic added to April agenda.
Program of Work for 2019	Topic added to April agenda.

Topic & Notes	Decision
<ul style="list-style-type: none">Members reviewed and validated the program of work areas from 2018 moving forward to 2019. Updates will be made and a draft version presented at the April meeting for confirmation.
