---

## November 19th

### Topic

#### Data Collection Status – ROSS Data Update

- Integrate information into a variety of pivot charts, tables, and infographics for committee review prior to integration into the white paper.
- Topic added to January agenda.

---

#### Status of Agency Roles/Leadership White Paper

- NWCG Executive Board and the Fire Management Board (FMB) were supportive of the intent of the white paper.
- Dan O'Brien is revising the White Paper to include actionable recommendations.
- Topic added to December agenda.

---

#### Recognition of Prior Learning (RPL)

- The Incident and Position Standards Committee (IPSC) was briefed that the DOI Office of Emergency Management RPL can serve as a model to help create a formal qualification process through historical recognition for wildland fire. Currently there is no national standard for RPL.
- DOI Guidance has not been implemented yet and has several commonalities to what states have been trying to implement.
- The IPSC is engaged and recognizes the need for a national standard. Have requested an NWCG Executive Board tasking before they start figuring out a process.
- Topic added to December agenda.

---

**Next Meeting:** December 17, 2019, 10am Mountain Time.
