### Fall After Action Review (AAR)
- **October 31, 1300 – 1700 MT**
  - Plan for this year is to have stakeholder groups hold individual AARs and provide consolidated feedback to FMB, NMAC, and NWCG for large group AAR. Bender will send invitations and information to all members and chairs of stakeholder groups, along with proposed outline.

### Timeline
- Implementation steps on track. Need Incident Command Application Process (ICAP) available to support NMAC memo from 2022 requiring its use by all geographic areas. NMAC will discuss and ensure geographic areas are updated as necessary.
