

**NWCG CURRICULUM MANAGEMENT ISSUE PAPER #108
MODIFICATION OF COURSE HOURS FOR
P-301, FIRE PREVENTION EDUCATION 2
May 11, 2010**

BACKGROUND

The revision of Fire Prevention Education 2, P-301, is nearing completion. It was last revised in 1997. The course design provides instruction to students desiring to become qualified as Fire Prevention Education Team Leaders (PETL).

CURRENT STATUS

The existing P-301 course is 24 hours in length. It is the consensus of the course revision group of subject matter experts that the 24 hours of classroom time currently allotted to present the course material should be increased to 32 hours. This course is not required in the PMS 310-1; therefore this change will not result in increasing required training hours.

RECOMMENDATION

It is the recommendation of the revision group of subject matter experts that the course hours be increased to 32 hours.
