## MEMORANDUM

Reference: NWCG#003-2011

To: NWCG Committee Chairs, Budget Advisory Unit (BAU) Chair, and  
Kim Christensen

From: NWCG Chair *William Raage*

Date: April 28, 2011

Subject: Record of Decision to Decommission Legacy NWCG Groups

Throughout its history, the National Wildfire Coordinating Group (NWCG), along with its subsumed group (National Fire and Aviation Executive Board – NFAEB), periodically established bodies to accomplish a wide variety of missions. The attached list shows groups spawned by both of these bodies (or their subordinates) that are no longer active, have completed their original charge, or are previous names of current groups. None have ever been formally decommissioned. Therefore, groups previously established by any part of the NWCG (past or present) with names in the attached list are officially decommissioned as of March 15, 2011. These groups are decommissioned by the NWCG Executive Board under authority granted in the *National Wildfire Coordinating Group Charter*, signed October 11, 2007.

The NWCG believes that these groups have no known debts, encumbrances, liabilities or obligations as of the date of decommissioning.

Any future business or correspondence with these decommissioned groups should be directed to the NWCG Program Management Unit (PMU).
