SUBJECT: Release of the Draft October 2015 Wildland Fire Qualification System Guide (PMS 310-1) for review and comment

The draft October 2015 *Wildland Fire Qualification System Guide (PMS 310-1)* proposed significant changes intended to improve speed to certification in wildland fire Incident Command System positions. This is critical to current and future national wildland fire workforce capability and sustainability. It is of primary concern to the NWCG Executive Board and the member agencies.

Please review the draft October 2015 PMS 310-1 thoroughly and provide constructive feedback using the [draft 2015 PMS 310-1 Comment Form](#). Your input is essential. It will be fully considered and incorporated into discussions and decisions about the PMS 310-1. Comments will be accepted through **Friday 8 May 2015**.

You may locate the document at: <http://www.nwcg.gov/pms/docs/docs.htm>

Please disseminate this information broadly, and direct questions to your agency's [Operations and Workforce Committee \(OWDC\) representative](#).

Thank you for your attention to this matter.
