

Memorandum No. 16-007

Date: 15 April 2016

TO: NWCG Executive Board Members

FROM: John Glenn, Chair, NWCG Executive Board

SUBJECT: FEMA National Incident Management System (NIMS) Refresh

A handwritten signature in black ink, which appears to read "John A. Glenn", is positioned to the right of the "FROM:" line.

The purpose of this memorandum is to enable the development of a consolidated NWCG response to the FEMA NIMS refresh effort.

The National Incident Management System (NIMS) is fundamental to wildland fire management operations nationwide. FEMA's National Integration Center is currently soliciting feedback on proposed improvements to the NIMS (see attached). NWCG plans to contribute to this effort by submitting a single, consolidated response that reflects the collective expertise of the wildland fire community.

Please forward your feedback to FEMA on the NIMS refresh effort to Jason Steinmetz, Chair, NWCG NIMS Integration Committee (jason.steinmetz@ios.doi.gov). Feedback received by May 2, 2016 will be integrated into the NWCG response.
