

## NATIONAL WILDFIRE COORDINATING GROUP

---

NWCG Memorandum 21-002

May 3, 2021

TO: Erin Horsburgh, Chair, Fire Management Board

FROM: Frank Guzman, Chair, NWCG Executive Board

SUBJECT: NIAC Memo 21-01, Issue Statement and Request for Solution to Inconsistent Interagency Review and Approval of Special Mission Programs Across All Agencies

This memorandum requests that the Fire Management Board (FMB) provide a solution to the issue identified in the attached memo by the National Interagency Aviation Committee (NIAC) related to inconsistent interagency review and approval of special mission programs across federal agencies.

The NIAC chair presented the attached memo to the NWCG Executive Board at their April meeting. Due to the federal centric nature of the issue raised in the memo, the NWCG Executive Board believes it is more appropriate that this be addressed and resolved by FMB.

**Contact:** Please work with the NIAC chair, John Buehler for additional information.
