# Print a BAM From An Arch E Layout
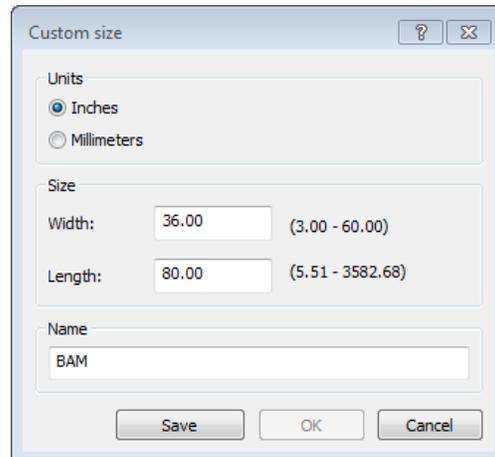

- Click **Advanced**,

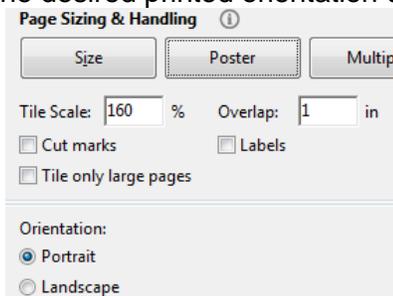

Ensure the Print As Image option is unchecked

- Click **Properties**
- Under **Page Options** click **Custom**…
  - Set page width (keep to maximum paper width)
  - Set page length (e.g., 80")
  - Create a name for the page setting (e.g., BAM)
  - Click **Save**
    Click **OK**

- Click **OK**
- Under **Page Sizing & Handling** click **Poster**
  - Set **Overlap** to 1
  - Set **Tile Scale** to an appropriate setting
    - An E size layout scales to a 70 x 80 BAM at 165%
    - Hint: click **Size** then **Poster** to have the preview redraw with the division symbols
  - Set the desired printed orientation under **Orientation**

- Click **Print**
