INTRODUCTION

The Interagency Wildland Fire Qualifications System Guide (PMS 310-1) establishes minimum requirements for training, experience, physical fitness level, and currency standards for wildland fire positions. When criteria for inclusion in the PMS 310-1 (https://www.nwcg.gov/publications/310-1) are not met for a position, wildland fire agencies have the option to establish agency-specific positions and standards for those positions based on unique missions and needs. Agencies that utilize positions not contained in the PMS 310-1, broadly referred to as Technical Specialists, typically establish minimum standards for these positions in agency-specific manuals or guides.

The federal wildland fire agencies have consolidated these other positions into a single supplement to better support their use and mobilization. The Federal Wildland Fire Qualifications Supplement includes federal agency-sponsored positions that are not included in the 310-1 which are frequently used on wildland fire incidents.

Positions and associated requirements listed in this supplement have been approved for inclusion by representatives from their respective agencies. This supplement lists established minimum requirements for training, experience, physical fitness level, and currency standards for all participating agencies. Where necessary, these positions include training to meet NIMS requirements.

This supplement incorporates by reference all applicable qualification and certification business practices from the PMS 310-1 and other agency guides.

HOW TO USE THIS SUPPLEMENT

The appearance of a particular agency’s emblem at the top of a qualification description page indicates acceptance and use of the position by that respective agency; absence of an emblem indicates the position is not used by that agency. When an agency has requirements for a position that differ from common requirements, the additional requirements will be listed under the section titled Agency-Specific Requirements. The absence of additional agency-specific requirements indicates universal acceptance by all participating agencies of the common requirements listed on the qualification description page.

When additional requirements apply for an agency, the position must be added to an incident responder’s IQCS records under the respective agency set id. Position task books for all agency-endorsed positions in this supplement are available for download on the NWCG Agency-Specific Task Books web page at https://www.nwcg.gov/publications/position-taskbooks.

This supplement will be updated annually or as needed. Proposed changes or additions to this document or position criteria should be channeled through a respective wildland fire agency training representative for approval and inclusion.
# TABLE OF CONTENTS

Introduction .............................................................................................................................................. iii
How to Use This Supplement .......................................................... iii
Table of Contents ................................................................................................................................. iv

## OPERATIONS .............................................................................................................................. 1

- Assistant Hotshot Superintendent (IHCA) .................................................................................. 3
- ATV Operator (ATVO) ..................................................................................................................... 4
- Battalion Military Liaison (BNML) ................................................................................................. 5
- Dozer Operator (DZOP) ................................................................................................................... 6
- Dozer Operator Initial Attack (DZIA) ............................................................................................... 7
- Engine Operator (ENOP) ................................................................................................................ 8
- Faller 1 Certifier (CRT1) ................................................................................................................. 10
- Fireline Explosives Advisor (FLEA) ............................................................................................. 11
- Fireline Explosives Blaster (FLEB) .................................................................................................. 12
- Fireline Explosives Crewmember (FLEC) ..................................................................................... 13
- Interagency Hotshot Superintendent (IHCS) .................................................................................. 14
- Military Crew Liaison Advisor (MCAD) ....................................................................................... 15
- Strike Team Leader Military (STLM) ............................................................................................ 16
- Tractor Plow Operator (TPOP) ........................................................................................................ 17
- Tractor Plow Operator Initial Attack (TPIA) .................................................................................. 18
- Specialty Tracked Equipment Operator (STOP) .......................................................................... 19
- UTV Operator (UTVO) ................................................................................................................... 20
- Water Tender Operator (WTOP) ...................................................................................................... 21

## AVIATION .................................................................................................................................. 23

- Aerial Observer (AOBS) ............................................................................................................... 25
- Agency Aviation Military Liaison (AAML) .................................................................................... 26
- Aircraft Timekeeper (ATIM) ........................................................................................................... 27
- Airspace Coordinator (ASCO) ....................................................................................................... 28
- Airtanker Base Manager (ATBM) .................................................................................................. 29
- Fixed Wing Base Manager (FWBM) ............................................................................................... 30
- Fixed Wing Parking Tender (FWPT) .............................................................................................. 31
- Forward Looking Infrared Operator (FLIR) .................................................................................. 32
- Helicopter Cargo Letdown Check Spotter (HCCS) ....................................................................... 33
- Helicopter Cargo Letdown Spotter (HCLS) ................................................................................. 34
- Helicopter Long Line/Remote Hookup Specialist (HELR) ............................................................. 35
- Helicopter Rappeller (HRAP) ......................................................................................................... 36
- Helicopter Rappel Spotter (HERS) ................................................................................................ 37
- Helitorch Manager (HTMG) ........................................................................................................... 38
- Helitorch Mixmaster (HTMM) ........................................................................................................ 39
- Helitorch Parking Tender (HTPT) .................................................................................................. 40
MAFFS Airtanker Base Manager (MABM) .............................................................. 41
MAFFS Airtanker Base Specialist (MABS) ............................................................ 42
MAFFS Assistant Liaison Officer (MALO) ............................................................ 43
MAFFS Liaison Officer (MAFF) ............................................................................. 44
Mixmaster (MXMS) ............................................................................................. 45
Plastic Sphere Dispenser Operator (PLDO) ........................................................ 46
Ramp Manager (RAMP) .................................................................................... 47
Retardant Crewmember (RTCM) ...................................................................... 48
Short Hauler (SHLR) ........................................................................................ 49
Short Hauler Spotter (SHLS) ............................................................................ 50
Smokejumper Spotter (SPOT) .......................................................................... 51

LAW ENFORCEMENT .................................................................................. 53
Security Guard (SECG) ................................................................................... 55
Security Specialist Level 1 (SEC1) ................................................................ 56
Security Specialist Level 2 (SEC2) ................................................................ 57

FINANCE ....................................................................................................... 59
Accounting Technician (ACCT) ...................................................................... 61
Buying Team Leader (BUYL) ......................................................................... 62
Buying Team Member (BUYM) ...................................................................... 63
Contracting Officer (CONO) .......................................................................... 64
Contracting Officer's Technical Representative (COTR) .................................. 65
Purchasing Agent, Ten Thousand (PA10) ......................................................... 66
Purchasing Agent, Twenty-Five Thousand (PA25) ......................................... 67
Purchasing Agent, Fifty Thousand (PA50) ....................................................... 68

PRESCRIBED FIRE ..................................................................................... 69
Prescribed Fire Burn Boss Type 3 (RXB3) ....................................................... 71
Prescribed Fire Crew Member (RXCM) .......................................................... 72

SUPPORT ...................................................................................................... 73
Agency Administrator (AADM) ....................................................................... 75
Assistant Cache Manager (ACMR) ................................................................. 76
Advanced Emergency Medical Technician, Fireline (AEMF) ......................... 78
Archaeologist (ARCH) .................................................................................. 80
Burned Area Emergency Response Biologist (BABI) ...................................... 81
Burned Area Emergency Response Botanist (BABO) ...................................... 82
Burned Area Emergency Response Cultural Specialist (BACS) ...................... 83
Burned Area Emergency Response Documentation Specialist (BADO) ........ 84
Burned Area Emergency Response Environmental Specialist (BAEN) ......... 85
Burned Area Emergency Response Forester (BAFO) .................................... 86
Burned Area Emergency Response Geologist (BAGE) .................................. 87
Burned Area Emergency Response Hydrologist (BAHY) ............................... 88
Burned Area Emergency Response Leader (BAEL) .............................................................................. 89
Burned Area Emergency Response Soil Scientist (BASS) ................................................................. 90
Burned Area Emergency Response Specialist (BAES) ......................................................................... 91
Cache Demobilization Specialist (CDSP) .......................................................................................... 92
Cache Supply Clerk (CASC) .................................................................................................................. 93
Cache Supply Supervisory Clerk (CAST) .............................................................................................. 94
Camp Crew Boss (CACB) ..................................................................................................................... 95
Communications Coordinator (COMC) .................................................................................................. 96
Cultural Specialist (CULS) ..................................................................................................................... 97
Emergency Medical Technician Basic (EMTB) .................................................................................. 98
Emergency Medical Technician, Fireline (EMTF) ................................................................................ 99
Emergency Support Function #4 – Administrative Support (ESFA) .................................................. 101
Emergency Support Function #4 – Primary Leader (ESFL) ................................................................ 102
Emergency Support Function #4 – Structure Support (ESFS) ............................................................ 104
Emergency Support Function #4 – Wildland Support (ESFW) ......................................................... 105
Fire Cache Manager (FCMG) .......................................................................................................... 106
Geospatial Analyst (GSAN) ................................................................................................................ 107
Incident Medical Specialist Assistant (IMSA) .................................................................................... 108
Incident Medical Specialist Manager (IMSM) ................................................................................... 109
Incident Medical Specialist Technician (IMST) ................................................................................ 110
Incident Meteorologist (IMET) ............................................................................................................ 111
Incident Technology Support Specialist (ITSS) ................................................................................ 112
Infrared Regional Coordinator (IRCR) .............................................................................................. 113
Intelligence Support (INTS) ................................................................................................................ 114
MAC Group Coordinator (MCCO) ..................................................................................................... 115
MAC Group Information Officer (MCIF) ............................................................................................ 116
Paramedic (EMTP) ............................................................................................................................. 117
Paramedic, Fireline (EMPF) ................................................................................................................ 118
Remote Automated Weather Station Technician (RAWS) .............................................................. 119
Resource Advisor (READ) .................................................................................................................. 120
Resource Advisor, Fireline (REAF) .................................................................................................... 121
Small Engine Mechanic (SMEC) ......................................................................................................... 122
Warehouse Materials Handler (WHHR) ............................................................................................. 123
Warehouse Materials Handler Leader (WHLR) .................................................................................. 124
OPERATIONS
ASSISTANT HOTSHOT SUPERINTENDENT (IHCA)

AGENCY ENDORSEMENTS:

REQUIRED TRAINING:
National Incident Management System, An Introduction (IS-700)
Introduction to ICS (ICS-100)

REQUIRED EXPERIENCE:
Satisfactory performance as an Incident Commander Type 4 (ICT4)
AND
Satisfactory performance as a Strike Team Leader Crew (STCR)

PHYSICAL FITNESS LEVEL:
Arduous

THESE POSTIONS MAINTAIN CURRENCY FOR IHCA:
Interagency Hotshot Crew Superintendent (IHCS)
Single Resource Boss, Crew (CRWB)

IHCA MAINTAINS CURRENCY FOR THESE POSITIONS:
None
