Introduction

The National Fire Equipment System (NFES) Subcommittee, part of the National Wildfire Coordinating Group (NWCG) Equipment Technology Committee (ETC), provides standards for fire supplies and equipment and an organized method for stocking and ordering those items. The NWCG NFES Catalog lists the items that may be ordered and documents the ordering procedure.

This annual catalog contains the list of national interagency publications, training courses, and reference materials that are stocked at/ordered from the Great Basin Cache (GBK), part of the U.S. Department of the Interior (USDI), Bureau of Land Management (BLM).

All catalog items and related shipping charges are provided on a cost recovery basis by the U.S. Department of the Interior, Bureau of Land Management.

All catalog item prices are adjusted annually April 1 each year. Individual item prices may be subject to change without advance notice.

National Fire Equipment System (NFES) numbers are assigned to identify/order all catalog items. Each item has a unique NFES number.

- GBK will not take credit card information over the phone. This information must be faxed or mailed with the order on the credit card form provide.
- If the credit card account is declined by the bank for any reason, GBK will contact the cardholder by telephone for verification and request another credit card if necessary. Failure to rectify any problems with payment can affect the ability to order from GBK in the future.

Invoice Procedure

Questions/Billing/Collection 208-387-5533

- A USDI *BLM Bill for Collections* will be sent within 21 days of order receipt. Payment is due within 30 days of bill date. Payment may be made by check, money order or credit card. Backup documentation is provided for reference and itemization purposes.
- The cost of items ordered and shipping charge(s) will appear on the bill.
- Orders billed to an invoice will not allow for “back-ordered” items. You will need to reorder if an item is out of stock. Please see “Comments” on the packing list within your shipment.
- GBK reserves the right to refuse orders from any agency/unit with past due balances over 90 days old until payment has been received in full. Submission of an order to GBK is an agreement to pay for all costs incurred by the USDI BLM to provide these materials. These costs include any and all shipping charges regardless of whether such costs were included on the original ordering/purchasing document. It is the responsibility of the person ordering materials to assure that all requirements have been met for their payment offices. Credit cards may become mandatory for any agency/unit that is found to be consistently difficult to collect from.
- GBK is not responsible for the validity of any order received.

Shipment Receipt Procedure

- Items are shipped with an issue/packing list. Immediately verify that all items listed on the computer issue/packing list are enclosed.
- Please **see “Comments” are on the issue/packing list** for information about back-orders, items not carried, discontinued items, or any other specific information about your order. - Returned items on credit cards will be credited to the credit card originally charged.
- Credit for returned items on invoiced items will be applied to the subsequent order whenever possible within the current year. If no subsequent order or a specific request for credit received, a refund check will be issued by U.S. Department of Treasury. This action is avoided due to the cost that reverts back to the Federal Government.
