

Module - Historic Film Forest Smokechaser

Overview

Students will be able to identify the firefighting phrases mentioned in the film that have applications on today's fireline operations.

Target Audience: Line going firefighters

Time: Video 13 minutes, Exercise 10 minutes, Total 23 minutes

Exercise: Matching quotes in the film to the fire phase in which they were mentioned in the film and have a small group discussion of how the actions taken are still relevant. There are no correct answers. The primary intent is to promote discussion.

 **Facilitator Tasks** 

- Introduce the goal listed above.
- Play the historic film Smokechaser and have the students complete the matching exercise during the film
- Conduct the student exercise below

 **Facilitator Notes** 

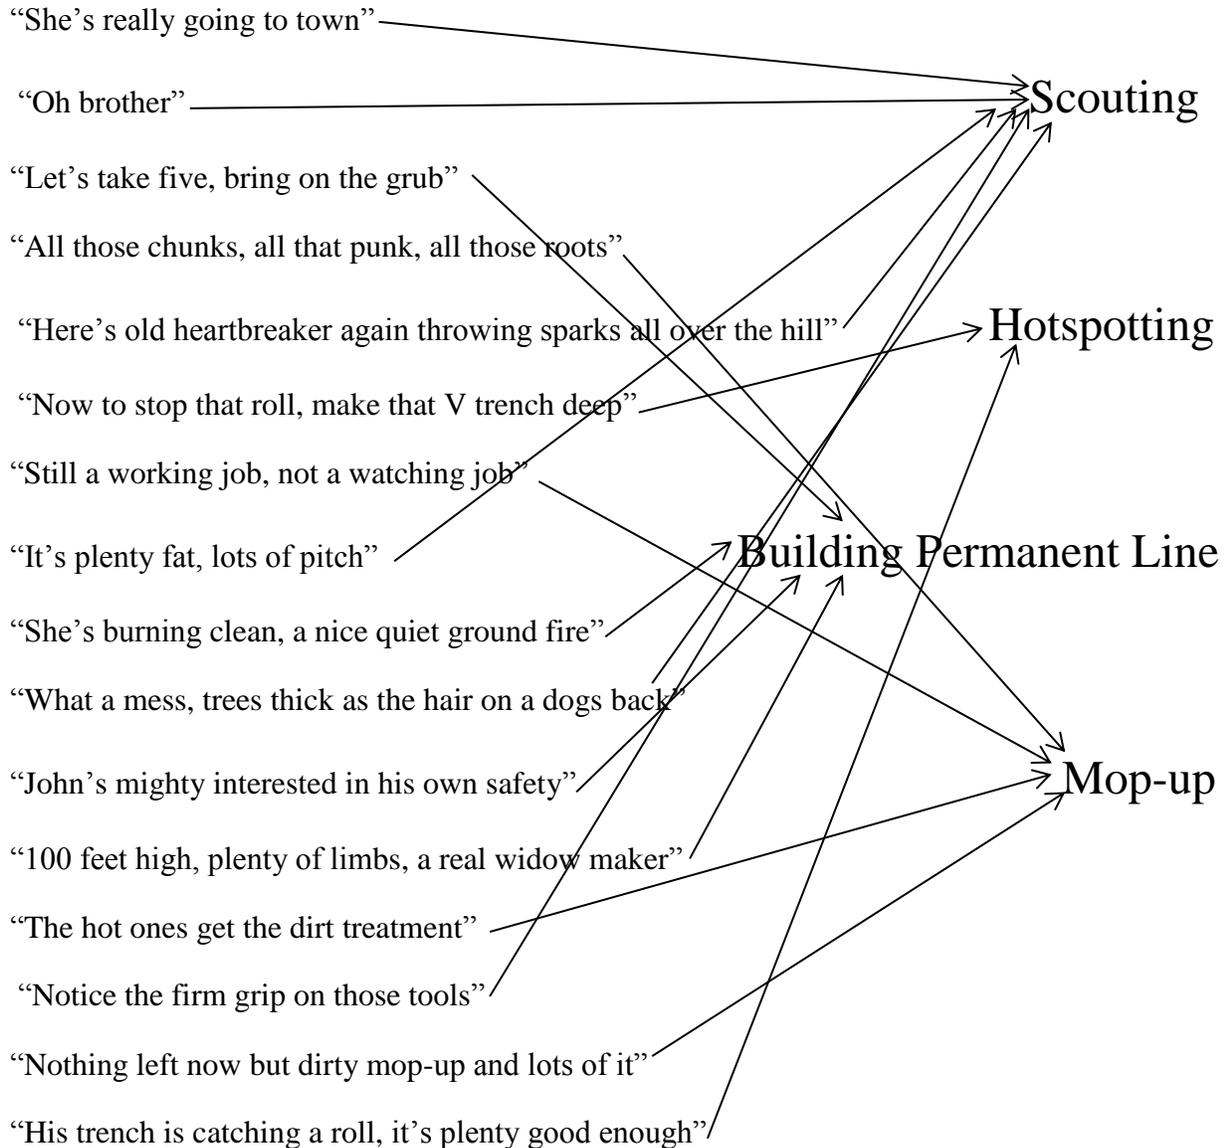

Facilitators Guide

Exercise

Match the quotes from the film to the fire phase in which they were mentioned in the film and have a small group discussion of how the actions taken are still relevant. **There are no correct answers. The primary intent is to promote discussion.**

Facilitators Guide

This is a quick response bar code which, when scanned with a smartphone with the free, downloadable, QR scanner app, will link to the module evaluation. Google “QR scanner app” to select the right app for the right phone if your smart phone doesn’t have it. The link also goes to the module evaluation provided there is an internet connection.
