

# Student Workbook

## Module - Historic Film Re-edit

### Overview

**Goal:** The students will watch segments of a historic film and discuss key aspects of it that are applicable to current firefighting practices.

### Exercise

The Facilitator will lead a discussion of the common errors mentioned in the film. Possible topics are:

- **Camp too far from fire**
- **Aerial resupply efficiencies**
- **Taking out ladder fuels close to the line**
- **Cold trailing**
- **Effective line scouting**
- **Burn out early in the day**
