Wildland Fire Leadership Development Program

Thirtymile Fire – Audio Transcript

Voice of Marshall Brown, Stand #2

I guess, maybe not so much from the crew, but for at least the crew overhead to try to maybe, maybe if we could have had a little more, I don't know, a little more contact, a little more assertive, and contact with the other crew. One thing that I think that would be good for myself is that, to kinda start asking questions earlier on about where we're going with the fire and stuff like that. We had a person that was kinda the IC and also the crew boss, and had a lot of things going, and that maybe some questions asked earlier on might have done something, it might not, it's hard to say.
